Dear Friends,

It is with great pleasure that I welcome you to the 2012 Institute for Corean-American Studies Liberty Tennis Classic.

Congratulations for another year of success and for your new partnership with Arthur Ashe Youth Tennis and Education. Throughout the years Arthur Ashe Youth Tennis and Education has established a proven track record in utilizing tennis as a means to touch the lives of children throughout Philadelphia. I can think of no better partner in your efforts to grow and to touch a wider community.

Thank you for the work you do on behalf of the children within your community and throughout Philadelphia. I have no doubt that your dedication and commitment to investing in our youth will continue to foster the next generation of leaders within our City.

Again, welcome, and please accept my personal best wishes. .

Sincerely,
