Dear John,

But for the fact that I will be in California, I would be in the front row cheering for you as you receive the Liberty Award from the Institute of Corean-American Studies at their Annual Dinner on December 14.

Our good mutual friend, Sang-Joo Kim, knows of our long-time personal and professional relationship and that we are always honored to collaborate with you and your colleagues on so many policy issues.

I am pleased to take this opportunity to publicly commend you, my friend, for your commitment to freedom under the rule of law and to American strength and resolve around the world.

Congratulations, John, on this most exciting occasion.

Onward!

Sincerely,
