Dear Friend:

General Scaparrotti is a leader whose service to our nation spans more than 41 years, beginning with his graduation from the United States Military Academy at West Point, and culminating in some of the most critical command positions in the modern era.

From 2016 to 2019, he served concurrently as the Supreme Allied Commander, NATO, and the Commander of U.S. European Command — leading the security of the transatlantic alliance during a period of major global challenges.

Prior to that, he played a central role in maintaining stability on the Korean Peninsula as the Commander of U.S. Forces Korea, the United Nations Command, and the Combined Forces Command in South Korea.

His strategic leadership also extended to the highest levels of the Pentagon as the Director of the Joint Staff, coordinating operations and planning across all branches of the U.S. military.

General Scaparrotti has led American and allied forces in some of the most demanding theaters in the world. He served as Commander, International Security Assistance Force and Deputy Commander of U.S. Forces–Afghanistan, guiding coalition operations during critical phases of the war.

He previously commanded major Army units, including serving as the Commanding General of I Corps and Joint Base Lewis-McChord and the Commanding General of the famed 82nd Airborne Division. He also commanded U.S. forces during Operation Iraqi Freedom, Operation Enduring Freedom in Afghanistan, and the humanitarian mission Operation Support Hope in Zaire and Rwanda.

His distinguished career led him to be named the 69th Commandant of Cadets at West Point, where he shaped the next generation of Army leaders.

In recognition of his decades of service, he has received numerous military awards and decorations, and continues to contribute to national security as a member of multiple boards, trusts, and defense organizations. Today, he serves as Senior Counselor at The Cohen Group, continuing his lifelong commitment to strengthening America's security and global leadership.

Scap was a featured speaker at the virtual *ICAS* Fall Symposium *Veritas* 2024.

Thank you.
